RIOTING AT PULLMAN.

Laundry Girls Return to Work in the Morning.

ASSAULTED IN THE EVENING.

Most of the Mob Was Composed of Women and Children and Numbered Nearly a Thousand—Lumber Handlers Also Encounter a Mob—Military at the Polls. Other Strike News.

CHICAGO, July 21.—The Pullman laundry was started yesterday with a force of 40 girls, most of whom were old employees.

Three hundred men were at work in the shops, cleaning up, oiling machinery and making a careful inspection. In addition to these, 250 applications have been received from old workmen.

No trouble occurred until 4 o'clock when the laundry girls quit work. When they left the works they were surrounded by a demonstrative mob of from 800 to 1,000 women and children. A portion of the crowd followed Minnie Kaufman through the streets of Pullman to her home. Near Market hall they stopped her progress and began calling her names, and one woman, it is said, struck her in the face. Several policemen stepped in at this juncture and gave her protection as far as her home. No arrests were made.

In the meantime an escort of 10 policemen led by Sergeant Riley was having an interesting time protecting 17 of the laundry girls who live in Roseland. A mob of nearly 500 women and children and a few men followed them from the works down Florence avenue and on One Hundred and Eleventh street, across the Illinois Central tracks. The police were not accustomed to dealing with a crowd of the feminine gender and did little more than keep the most turbulent women from seizing hold of the frightened girls.

The entire march was enlivened with cries of "scabs" and other epithets. At Roseland, when the girls separated, each was followed home by a small group of the women, whose object seemed to be to see where the girls lived.

At 5 o'clock 50 Hollanders, who have been employed about the works as lumber shovers, track graders and repairers, left the southeastern gate of the works for their homes in Roseland. They had a guard of 16 police commanded by Lieutenant Bussell. Scarcely had they come from the works when 100 of the strikers, shouting "scabs" and other names, surrounded them. They took the same course toward Roseland as had been taken by the laundry girls. Before Roseland was reached, the crowd following them had increased largely and it had become necessary for the police to charge it several times with a liberal use of the club before it was dispersed. Each of the men was followed to his home by several strikers, but were not molested.

MILITARY AT THE POLLS.

Show of Force Prevents Trouble at Pullman.

CHICAGO, July 21.—The unusual sight of military called to preserve order at the polls was witnessed at Pullman yesterday. At the Sixth primary district polling place of the Thirty-fourth ward, located at the Pullman enginehouse, a hot fight was waged between the factions supporting George W. Miller and Frank G. Robey for nomination at the third senatorial convention.

Miller's interest at the Pullman polls were in charge of Alderman Chadwick, while the American Railway union candidate, Robey, was supported by a large crowd of the strikers. The latter claimed that their man was not having fair play and that Miller had two of the three judges and all the clerks. They placed William Birkhoff at the polls as challenger and Alderman Chadwick demurred, claiming that Birkhoff was not a resident of the district.

This caused a lively row and for a time it looked as if the crowd, which had rapidly increased in size, would clean out the polling place. The police were notified and sent a patrol wagon with Lieutenant Bussell and eight officers to the scene. At the same time some one called for the troops and two detachments of Company A, First regiment, were sent on the double quick to the polls. The show of force prevented any trouble and the police drove the crowd back from the polling place.

The American Railway union delegates were elected by 244 to 104.

INDICTED STRIKERS.

Only Two Furnish Bail in the United States Courts.

CHICAGO, July 21.—Only two of the men indicted by the federal grand jury gave bail in the United States court yesterday. Most of the day was consumed in making out bench warrants against the indicted. The men who gave bail were J. J. Hannahan, vice grand master of the Brotherhood of Firemen, and August Hodges, one of the Brighton Park strikers.

During the afternoon bench warrants for all the men included in the indictments were handed to the marshal to be served. They numbered 73.

Hannahan is charged with intimidating and endeavoring to induce a fireman to leave his cab. Debs, Howard, Kollmer and Rogers figure in five of the indictments. In one of them they are charged with conspiring with Hannahan. In another they are charged with conspiring to obstruct interstate commerce, and in the other three they are joined as conspirators with other persons who committed lawless acts. Debs and the other officers are already under \$10,000 bail each under the original indictment returned against them. Their bail under the five new indictments has been fixed at \$3,000 upon each charge, or all \$25,000 bail, which each will be required to give.

No Trouble at Hammond, Ind.

CHICAGO, July 21.—Regarding the report from Hammond, Ind., that a mob attacked a Lake Shore freight train last night at Whiting, Mr. Wilber, western passenger agent of the Lake Shore, says: "A freight train was sidetracked at Whiting as a meeting point with another train. Two men were seen to pull the coupling pins and they have since been apprehended and are now under arrest. There was not a gun discharged, there was no great crowd and it would seem unnecessary for us to deny the statement that all of our trains are going out under guard, for, as a matter of fact, during the worst of the trouble our trains were not accompanied by armed men except through the yards, and there was no time at which we considered that there was any danger of interference as far as Whiting."

Only a Fake.

CHICAGO, July 21.—The story that a bomb was carried into the Pullman building during the strike with design against the life of Vice President Wickes turns out to be a "fake." The bottle was filled with turpentine and is supposed to have been sent into the building by a man, who, a few days before, warned Mr. Wickes that an attempt would be made to blow up the building. It is believed that he sent the bottle into the building to corroborate his statement and to induce the Pullman company to reward him. James Monaghan, who carried the bottle in, was entirely innocent of any knowledge of the affair. He carried it in because he was given 50 cents to do so.

Want Debs For President.

CHICAGO, July 21.—A mass meeting of 1,500 men was held at Ogden's Grove last night, and Debs was nominated for president of the United States amid great enthusiasm. The speakers were local labor men, and their remarks were all of one tenor. They eulogized Debs and denounced President Cleveland. The meeting declared itself as utterly opposed to the Democratic and Republican parties, and predicted a sweeping success for the Populists in the next election.

Several Small Disturbances.

CHICAGO, July 21.—A crowd of strikers overturned two loaded stock cars in the stockyards yesterday, and a striker threw a switch in front of a Northwestern freight train, derailing the engine. The strikers continued their threats against workmen and several small outbreaks occurred, but all were quickly suppressed by the police.

FIGHT TO THE DEATH.

The Missouri Pacific Will Not Employ American Railway Union Men.

ST. LOUIS, July 21.—The Missouri Pacific railroad has thrown down the gauntlet to the American Railway union for a fight to the death. The following certificate was yesterday handed a yard clerk on that road, who had reported two days ago for his old position:

This is to certify that ——— has been employed in the capacity of clerk in the yard department of the Missouri Pacific system, St. Louis terminal division, from April, 1893, to June, 1894, at which time it was necessary to lay him off on account of strike in the yards. He reported for work on the 18th of July, but in the meantime it was learned that he was a member of the American Railway union and was in sympathy with the strike movement so that we could not re-employ him. His work and conduct up to the time of the strike was perfectly satisfactory.

J. S. JONES, Terminal Superintendent. It is probable that a civil action for damages will be brought against the railroad for its action in this matter. If the statutes warrant it, a warrant will be sworn out against Superintendent Jones for blacklisting or discriminating against a man because of his connection with a labor organization.

Pleaded Not Guilty.

INDIANAPOLIS, July 21.—George Scholtz, president of the Terre Haute branch, American Railway Union, pleaded not guilty before Judge Baker in regard to violation of the restraining order. Assistant District Attorney Carr announced that the government was not ready for trial, and the case was continued until September 1. Arthur Daniels, charged with throwing a rock at Superintendent Corbett while the latter was trying to move trains, pleaded not guilty, and the case was continued until September 7.

New Men Hired.

HUNTINGTON, W. Va., July 21.—A large number of the new men hired to run engines on the Wabash in place of strikers have been discharged already.

Still Paying Dividends.

NEW YORK, July 21.—The Pullman Palace Car company has declared the regular quarterly dividend of 2 per cent, payable Aug. 15.

Wagonette Upset.

MIDDLETOWN, O., July 21.—Returning from a picnic a wagonette containing 16 young ladies and gentlemen upset, completely wrecking the vehicle and seriously injuring Driver John Dunn, Misses Teau Cook, Lizzie Marshall, Mollie and Kate Ottinger. The last named is thought to be fatally injured.

There Will Be No Strike.

VAN WERT, O., July 21.—The trouble that has been brewing for two months between the officials and trainmen of the Mackinaw road has been settled and there will be no strike. A new schedule has been agreed upon which is highly satisfactory to all concerned. The new schedule goes into effect August 1.

TALKING ON TARIFF.

How the United States Senators Put in the Day.

NO RESULT WAS REACHED.

An Adjournment Taken Until Monday. The Day's Debate Carried on Entirely by Democrats—The House Transacts Considerable Business and Holds a Night Session Devoted to Pension Business.

WASHINGTON, July 21.—Yesterday was one of dramatic interest in the senate, for the fate of the tariff bill of 1894 depended upon the course pursued in the upper branch of congress. The friends of the tariff bill were anxious faces, and more than once during the day felt that the very danger point had been reached. The enemies of the bill at times believed that they would be able to defeat it. When the adjournment came the situation was still perplexing.

The senate proceedings proper were of a peculiar nature in that the debate was carried on entirely by the Democrats, save a brief speech by Senator Sherman and a question by Senator Aldrich. The principal speeches of the day were those of Senators Hill and Vest, though others contributed to the interest of the occasion. Senator Hill's position endorsing the president in emphatic terms was one of the most conspicuous incidents of the day.

Senator Vest took occasion to talk in plain terms in defense of the right of the senate and house to manage its conference without executive interferences. His criticism of the president's course and the action of Mr. Wilson was more severe than was expected. He spoke for the finance committee and the position of the senate conferees.

The action of Senator Vilas in preceding his speech with a motion to strike out the one-eighth differential on sugar was an additional sensation of a sensational day from the fact that it was probable that the motion would carry. It caused consternation until it was found that the motion may be declared out of order.

The statements of Senator Smith and Senator Blanchard were important, as indicating that a change in the sugar schedule might mean the loss of their votes, while Senator Blanchard stated decidedly that he would not vote for the bill if this change was made. Senator Gray's vigorous speech was enlivened by a brisk colloquy with Senator Hill.

The exciting day's proceedings closed when Mr. Cockrell moved that when the senate adjourn it will be to meet on Monday next. Mr. Hill attempted to resist the motion, but it was not debatable. The motion was carried 30 to 23, Messrs. Hill and Irby voting with the Republicans against the motion. Then at 5:10 the senate went into executive session and at 5:30 adjourned until Monday at 12 o'clock.

WASHINGTON, July 21.—Because of a very small attendance by reason of greater attractions in the senate, the house was able to transact much business in a short time. Half a dozen bills were passed without opposition or debate. Most of the day was devoted to the discussion of the resolution introduced by Tucker of Virginia to amend the constitution by taking away from congress authority over the election of United States senators and empowering the states to prescribe the times, places and manner of holding elections for senators. Before a vote was reached the house was compelled, under the regular order for Friday, to take a recess. The night session was devoted to pension business.

TARIFF BILL PROSPECTS.

Legislation on the Subject Is Now as Uncertain as It Ever Was.

WASHINGTON, July 21.—Emphatic as were the declarations on the Democratic side of the senate chamber yesterday and important and interesting as the proceedings were as a whole, there was nothing in them to definitely mark the situation with reference to the tariff bill, and when the senate adjourned after five hours of exchange of views on the part of Democratic senators, the senators expressed themselves as being as much at sea as when the day's session began.

There was no effort on the part of Democratic senators to conceal the fact that the adjournment till Monday was taken for the purpose of making an effort to bring the diverging elements of the party together.

A rumor also gained currency during the day that a Democratic conference would be held before Monday for this purpose, but it was impossible to confirm the report. No call for a caucus has yet been issued.

There is no doubt, however, that the time will be mainly devoted by a large element in the party to cause Senator Vilas to withdraw his amendment to the sugar schedule, providing for a recession by the senate from the portion of the sugar schedule of the senate which provides a differential duty of 1-8 of a cent a pound on refined sugar.

The introduction of this amendment by the Wisconsin senator was the one event of the day of importance bearing upon the fate of the bill, and probably caused more anxiety among the friends of the measure than any other move that could have been made on the Democratic side. This amendment, if it should prevail, would strike the bill in what the members of the finance committee believe would prove to be a vital part, and they will exhaust their resources to have it withdrawn.

There is little or no division of opinion to the effect that the amendment is

subject to the point of order that the senate cannot amend one of its own amendments to a bill while the bill is in conference, and Senator Harris, who being in the chair when the amendment was introduced admitted it to consideration, now states that this point is good against it, and that he will so hold. It is generally believed at this time that if a vote is taken upon the amendment in any shape it will prevail.

The Louisiana senators are standing out against any modification of the sugar schedule. Senator Hill, while willing to accept the modification on sugar, has again announced his unalterable opposition to the bill as long as the income tax remains a it. Senator Smith's vote is also regarded as very doubtful in case this change is made.

TRIPLE HANGING.

Three Negro Murderers Die Together Upon One Scaffold.

MONTGOMERY, Ala., July 21.—Just after noon yesterday Peter Davis, Dan Washington and Charles Ezell, all colored, were hanged on the same scaffold at the county jail here. Two thousand people witnessed the execution.

Davis wanted to marry another man's wife and murdered the husband to carry out their plans. The wife encouraged the crime.

Washington last winter assassinated a storekeeper here by the name of J. D. Perkins.

Ezell killed his wife near this city a year ago and was tried twice, the supreme court having reversed the lower court once.

Two negroes were hanged here last Friday. It is likely that two more will hang here next Friday. Governor Jones resented two who were booked to hang one week ago. Another who had been sentenced to be hanged next Friday was commuted to life imprisonment in the state penitentiary.

HE DROVE OUT THE MOSQUITOS.

Four Hundred Pounds of Powder Accidentally Exploded.

SAVANNAH, July 21.—An explosion of 400 pounds of powder at Fort Pulaski yesterday shook the earth, fatally wounding Ordnance Sergeant William Chinn, seriously injured Mary Washington, his mother-in-law, and set fire to the fort, causing intermittent explosions of ammunition and doing much damage.

Just after breakfast Sergeant Chinn went into the storeroom. He did as he had been in the habit of doing for some time during the summer months, and took a handful of the powder from one of the open casks, wet it at the pump and placed it in the middle of the room. He ignited it in order to drive out the mosquitoes, which had been abundant.

It seems that in carrying the handful of powder from the cask he had left a trail of dry powder from the middle of the floor right up to the cask. As soon as he had ignited the powder it burned along the trail and the 400 pounds exploded.

RIVER STEAMER SUNK.

The Vessel Was Towing a Barge Loaded With School Children.

OWENSBORO, Ky., July 21.—The steamer G. B. Monteth, owned by Captain Crammond of Hawesville, struck a snag about three miles above the city yesterday. A hole eight feet long was torn in her hull and she sank in four feet of water. The boat was towing a large barge filled with the children of the First Baptist Sunday school of this city, who had been on an excursion trip.

The barge was cut loose and a panic among the children narrowly averted. One child is reported missing, and all efforts to find it are fruitless. Captain Abshire, in command of the Monteth, said the accident was unavoidable, that the craft was valued at \$5,000 and was insured for \$3,000. An attempt will be made to raise her.

COXEY IN NEW YORK.

He Talks About Politics and the Recent Labor Trouble.

NEW YORK, July 21.—J. S. Coxey reached New York last night from Washington to attend the Populist picnic at Ridgewood park. "I have been through the northwest," said he. "There's no use of talking, the Populists will win the west and northwest next November. Minnesota is as good as carried, and the strike assures us Illinois. This labor trouble on the top of the industrial depression was all that was needed for our success."

"How about your army of the commonwealth, general? Has that collapsed?"

"Oh, no. Only the other day 650 crossed from Duluth to Buffalo, bound for Washington under Jeffries."

Killed on a Trestle.

BOONVILLE, Ind., July 21.—Caleb Lindsey, aged 73, in attempting to cross a trestle about six miles east of here, was knocked off by the eastbound freight train and killed almost instantly. The trestle was near a curve, and the engineer did not see the man in time to avoid the accident.

Miners Have Another Grievance.

IRONTON, O., July 21.—The Pitting miners of Vesuvius, O., are again out on a strike. They want their "buggies" pushed in and out, to have track laid and timber placed in. President Adams is at the mines, but so far has not succeeded in adjusting the trouble.

Spontaneous Combustion.

BELLE VERNON, Pa., July 21.—Fire last night destroyed the Baptist church, Lynn's general store, four dwellings, McClain's grist mill, Reeves' hotel and three stables. Loss, \$50,000; partly insured. The fire was caused by spontaneous combustion.

REVIEW OF TRADE.

R. C. Dun & Company's Weekly Report on Business.

EFFECTS OF THE GREAT STRIKE

Its Complete Paralysis of Business Is Still Being Felt—Tariff Uncertainties Have Also a Tendency to Retard Business. The Most Hopeful Sign Is the Few and Unimportant Failures.

NEW YORK, July 21.—R. C. Dun & Company's review of trade says: The effects of the two great strikes have not yet entirely worn off and meanwhile disagreement between the two houses of congress has made tariff uncertainties more distinct and impressive. It follows that the customary tests of the condition of business are less instructive than usual.

The financial situation is somewhat less favorable, because the exports of gold have been resumed and are \$3,300,000 for the week, but treasury receipts have been \$2,046,391 for customs, against \$2,951,571 last year, and \$7,474,553 internal revenue, against \$2,979,518 last year. The extraordinary payments to anticipate the increase of taxation on whisky are rapidly locking up a large amount of capital and taking from the government part of the expected increase of revenue, while the current loss in customs receipts is largely due to the postponement of imports, in expectation of lower duties hereafter. Thus the treasury has been gaining in balance, although at the expense of some loss in revenue hereafter.

Wheat has been skating on thin ice, with a chance of breaking through and making the lowest record ever known and has declined 3 cents for the week. With railroads generally blocked in the wheat delivering districts, it is a satisfactory indication that the western receipts are about two-thirds of last year's 2,271,514 bushels, against 3,028,379 a year ago, while the exports from Atlantic ports are insignificant, only 682,402 bushels, against 2,568,927 last year. The enormous visible supplies have less actual weight in the market than the prevalent conviction that government estimates of yield are widely erroneous.

Corn has advanced a shade with no satisfactory reason, for the prospect is excellent for a large yield.

A great speculation in oats has begun to liquidate, with the customary losses to the wise men who knew all about it.

Cotton has declined a fraction and all indications still point to a material increase of yield.

Although there was an increase during the month of June of nearly one-third in the weekly production of pig iron and the consumption in the manufacture was nearly 20,000 tons per week greater than the output of furnaces, it is questionable whether any further improvement has yet occurred in July. Many of the western establishments were stopped because the blockade of railroads cut off their supplies of fuel and have not yet ventured to resume.

Others west of Pittsburgh have been inactive because the coke strike continues and the limited production scarcely suffices for the use of works near at hand. Behind all other embarrassments there is a remarkable narrowness of demand for finished products. In steel rails the official statement shows deliveries for only 340,000 tons for the first half of 1894, against 571,564 tons for the first half of last year.

The most hopeful sign this week is that failures continue comparatively few and not very important. The aggregate of liabilities for the 12 days ending July 12 was \$2,630,306, of which \$1,009,821 was of manufacturing and \$1,443,204 of trading concerns, which is decidedly below the average for the past half year. The failures this week have been 236 in the United States, against 467 last year, and 44 in Canada, against 25 last year.

CLASH OF ARMS.

A Few Shots Fired and One Man Seriously Wounded.

WICHITA, Kan., July 21.—A clash and interchange of shots occurred between United States soldiers guarding Rock Island property and a body of men from South End, O. T., near that town early yesterday morning. The End men attempted to surprise the troops who were guarding the railway bridge, presumably intending to destroy the structure.

They were discovered, however, and in the melee which followed, Corporal Graves was seriously wounded by a bullet in the left side. The firing brought up a detachment of soldiers, who dispersed the mob and arrested several rioters. The excitement is unabated. Acting Governor Lowe of Oklahoma, who is on the scene, has served restraining orders on 150 citizens of South End to cease from participating in mobs or discussing the situation publicly.

Becoming Serious.

COLUMBUS, Ind., July 21.—The White Capping in Brown county is more serious than first reported. Stevens brothers and the Broomfields are leaving the county to save their lives, while the officers remain indolent. All the Stevens brothers, except the one who was shot through the foot and unable to leave, have gone, while other citizens fear trouble.

School Mistress in a Runaway.

WINCHESTER, O., July 21.—While Miss Ada Purtee, a young schoolteacher, was descending a steep hill with a horse and buggy, the back strap broke and the horse ran away, throwing the young lady against a fence, resulting in internal injuries. The buggy was mashed to pieces. The accident occurred at Newport, 10 miles east.

Thunder storms, followed by warmer weather.

The public school per capita last year was \$2.85. This year, as stated in Friday's issue, it is \$2.75. The decrease is not a large one, and it was fully explained by the circular of the State Superintendent.

"OLD GLORY."

The strike has had at least two 'good' effects, says the Louisville Courier-Journal. It has forced from the Northern press an unreserved acknowledgement of the South's loyalty to the Union and from Republicans everywhere ungrudging tribute to the Democratic administration's fidelity to our institutions and to its ability to protect them.

The Republican press is still singing the praises of Senator Gordon's speech, in which he so truthfully said:

The day is not distant, it is upon us now, and I stand here not as a Southern man, but as an American citizen, to proclaim, and I would that my voice could ring through the heart and conscience of every law-breaker on this continent, that the men who wore the gray from 1861 to 1865 and confronted the Stars and Stripes in battle under great convictions will be found side by side with the men who wore the other uniform, following that same flag in upholding the dignity of the Republic over which it floats and of every law upon the statute books.

And even more generally and warmly are they lauding the manner in which "President Cleveland holds up the Stars and Stripes." Indeed, the very journals which a few months ago were bitterest in denouncing the President as an enemy of the flag because he had ordered it down from the Government building at Honolulu are to-day loudest in their proclamations of his loyalty to the national ensign.

On the Diamond.

The new battery is expected Monday.

The Manhattans, Cincinnati's crack amateur team, will come up for a series of games in a few days.

The Shelbyville club which disbanded a few days ago has been reorganized, and the Sentinel talks like Maysville will not get Stultz and Meredyth.

Six or seven defeats in succession were too much for the Paris team and they disbanded Thursday night, after the Versailles knocked 'em out by a score of 5 to 1. The Bourbon News says they will probably be reorganized.

The game of ball yesterday afternoon between the lawyers and office-holders and the bankers and bank clerks was won by the bankers. Score 30 to 28. Owing to the threatening weather, the crowd that went out was not a large one. In trying to stop a hot grounder, Mr. George Barbour had one of his hands painfully injured.

The fourth quarterly meeting at M. E. Church will be held to-day and to-morrow. Quarterly conference to-night at 7:45 o'clock. Sunday school to-morrow at 9:15 a. m. Preaching by Rev. G. R. Frenger at 10:30 a. m. and 7:45 p. m. Sacrament of the Lord's Supper in connection with morning service. Quarterly love feast 2:30 p. m. Sunday Epworth League devotional service at 6:45 p. m. Union service at night. You are invited to come and join with us in worship, in one or more of the above named services. D. P. HOLT, Pastor.

week, and we look for the old town to be full to overflowing—with people, of course. Let all go to the camp ground first and hear the good preaching of Bro. Morrison and others.

We notice our friend "Be-Jingo" has combined the real estate business with that of manufacturing cigars, tobacco, etc., and making a success of both. Right glad are we to hear this, as Maysville has no cleverer citizen within her limits. May he always prosper, and the "Five Brothers" reach maturity and become counterparts of their worthy sire.

The friends of John T. Manning are urging him for Magistrate in precinct No. 1. He is a 1 man, and will "get there" if he runs, so his friends claim with a considerable degree of confidence. In this connection it may be added "Squire Eben Woodward is wanted by a host of good people for Magistrate in Kentountown precinct (No 3) precinct.

Rees Bros., of Harrison County, received a fine lot of lambs here this week, but prices were extremely low. With high taxes, low prices and prospects decidedly flattering now for a destructive drought, the outlook for the farmer is not the most encouraging. But it's best always to look on the bright side of things and hope for something better than calamity to befall us.

W. M. Throckmorton has presented us with a number of papers, among them the Cynthia News, Carlisle Mercury, Maysville BULLETIN and Bourbon Democrat, the latter paper printed at Paris by S. P. Cunningham, bearing date of 1867 and 1868. Some time we will make extracts, particularly from the BULLETIN, which we believe will be interesting to many of its readers of to-day.

County Court was attended by a very fair crowd and the transaction in stock larger than usual. About one hundred head of good two-year-old cattle from Elliott County, besides some horses and sheep were on the market, but prices ruled low. The jockey ring was well filled by representatives from our own and the adjoining counties. Business not brisk; collections few and far between; some drunkenness, but not a single disturbance during the day.

Nearly all Mt. Olivet will remember Thomas Douvan, the warm-hearted and popular young Irishman who worked as a "sour" in J. J. Osborne's saddle and harness shop fourteen years ago. He attended a Catholic college nearly eleven years after leaving here and has been ordained a priest. He is visiting his relatives and friends in Indiana, Kentucky and other States previous to returning to Baltimore, where he has been given charge of a church. He was here Wednesday, accompanied by Thos. Buckley, of Murphysville, and cordially received by old friends. We predict a bright and successful career for our deserving young friend, who has labored long and hard to prepare himself for the service of his Master.

As we predicted in a former letter, the Appellate contest will be lively, at least everything now points in that direction. The Paynter men have been "beating the bushes" at a rate that threw consternation into the ranks of the partisans of the other candidates, and on court day the canvass opened in real earnest. Applegate, of Fairmouth, was here on that day and inspired his friends with new hope and enthusiasm, and the Appellate Judgeship was the principal theme discussed. Colonel Washington also has his friends, but they're making no fuss. He has a strength if properly organized that will be

Leslie Cooper Means Killed by Lightning.

Mr. Leslie Cooper Means, aged about thirty-five years, was struck by lightning and killed at his home near Covedale, Lewis County, during the storm in that section yesterday afternoon. He was a son of Mr. Amos Means, of Lewis, and a nephew of Messrs Robert and Q. A. Means, of this city. His wife, who is a daughter of Captain Lang, of Lewis, survives and he leaves two or three children. Deceased was a member of Concord Lodge of Oddfellows.

Cure for Headache.

As a remedy for all forms of headache Electric Bitters has proved to be the very best. It effects a permanent cure and the most dreaded habitual sick headaches yield to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Large bottles only fifty cents at J. Jas. Wood's drug store.

MURDERED AT MAYSICK.

George Brown Shot and Instantly Killed Last Evening by Alvin Savage.

George Brown was shot and instantly killed last evening at Mayslick by Alvin Savage.

The parties are colored, and the shooting was the result of a quarrel between two negro women, Anna Hawkins, Brown's wife, and Charlotte Savage, a sister of Alvin. The women both live in this city.

Bartine's circus showed at Mayslick yesterday, and as usual the colored folks were on hand. Between 6 and 7 o'clock the two women named got into a quarrel on the street, and in a few minutes, Charlotte had stripped her antagonist of most all her wearing apparel.

Brown had gone to his wife's assistance, and Savage had sailed in to help his sister. At this stage, Marshal Mitchell arrived on the scene. Savage had his pistol out. Mitchell seized his arm, but Savage jerked loose, and before the officer could do anything more to put a stop to the affair, Savage stuck the weapon almost against Brown's head and fired.

The ball struck Brown in the center of forehead and penetrated the brain, killing him almost instantly.

Savage was arrested and at once taken before the Police Judge, who committed him to jail to await further trial. Deputy Sheriff Roberson brought him to this city, and shortly after 8 o'clock he was behind the bars.

Brown had figured in three shooting scrapes of late years, and was considered a bad negro, especially when under the influence of liquor.

Some Potatoes.

The biggest potato patch in the country is in Maury County, Tenn. Ten years ago two brothers went from Indiana to Maury and purchased 2,000 acres of neglected land. It was overgrown with shrubbery and briars, and was regarded as valueless by the residents. This year they will market 50,000 barrels of potatoes alone, raised on 900 acres of ground. They have a factory on the farm and make their own barrels. One hundred men and boys are employed in handling the potatoes. Besides the potatoes 150 acres are in wheat, and a canning factory on the farm will take care of fifty acres of tomatoes and 175 acres of corn.

Proved Fatal.

Mr. George Bell, of the Sixth ward, died this morning, from injuries received some days ago in trying to board a C. and O. train near Vanceburg. One of his feet was injured and amputation was finally found necessary. It was thought at first that he would recover, but blood-poisoning set in and caused his death. Deceased was about thirty years of age, and was at one time connected with the U. S. Navy. The date of the funeral has not been announced.

Nicholas For Paynter.

Nicholas County Democrats were a little ahead of their brethren of the rest of this Appellate district in holding precinct meetings. The meetings came off yesterday, and a telegram brings the news that Congressman Paynter carried the county. The friends of Leslie Applegate were the only ones that made a fight against the Ninth district Representative for the county.

Had His Bettin' Clothes On.

A special from Lexington says: "Langhorn Anderson, a Cincinnati tobacco man, had on his sporting clothes Thursday evening and bluffed the boys in good style. During a heated Congressional argument Anderson offered to wager from \$100 to \$5,000 even money on Breckinridge against the field. No one offered to take up the defi."

THE Owens crowd in Bourbon are making a big kick over the election of Colonel Charles Butler, a Breckinridge man, as Chairman of the Democratic Executive Committee of that county. They will go before the State Chairman with a protest, it is said.

GEORGETOWN (Ohio) News-Democrat: "John O'Harran, of Aberdeen, was in this place this week settling with Treasurer Tissandier for the June collection of taxes in Huntington township. Mr. O'Harran's books and figures tallied to a cent, as they always do."

MR. LEACHMAN LEWIS, of Indianapolis, who has been visiting his uncle, Mr. H. P. Lewis, left this morning for Lexington. He is an accomplished violinist and pianist, although blind from early childhood. Many had the pleasure of hearing him during his stay in Maysville and were delighted with his playing.

THE Disciples will hold the following services to-morrow: 9:30 a. m., Sunday school, 10:45 a. m., preaching; 7 p. m., Y. P. S. C. E. Morning subject, "The Religious Needs of Maysville." The mission of Jesus in our world is not so much to increase the census of Heaven as to improve the status of earth's righteousness. The rediscovery of him as he answers in his moral character life's problems, is the task set before each generation. He is as such a revelation of man to himself as of God to man. No night service. E. B. CAKE, Minister.

Why trouble your mind about where you will spend Sunday afternoon? The best place to go and one yielding biggest profit is to the Young Men's Christian Association in Cox Building. To-morrow afternoon at 3:45 the men's meeting will be held, Mr. James Stewart leading. His subject will be, "What God Says About Fellowship and Kinship." In addition there will be short interesting talks and good singing. Young men desirous of living better lives and helping their fellow men are the ones who carry on the men's meeting. Lend your presence, bring some one with you and help us in this work.

BIRMINGHAM BURNING.

Fire Beyond Control and Outside Help Asked For.

BIRMINGHAM, Ala., July 21.—A fire is raging here and is beyond control, and the entire business portion of the city north of the railroad yards is threatened with destruction. The fire began in the Starners Furniture company's store directly across Twenty-second street from the Caldwell hotel. It spread with marvelous rapidity. The guests of the hotel were gotten out by the fire escape and down a ladder of the fire department as rapidly as possible. It is impossible to tell yet whether all are saved or not. It is now believed several are burned up in the hotel.

The fire has just caught the rear part of the Weham and Dent buildings fronting on Second avenue. These buildings are four stories high. If they burn the entire block on Second avenue from Twenty-first to Twenty-second streets will go including the Jefferson County bank, Zinger's furniture store and many other business houses. Montgomery has been telegraphed for all the engines in the town. The fire is absolutely beyond control. It is spreading in every direction.

EXCURSION TRAIN WRECKED.

One Man Killed and a Number of Others Injured, Some Fatally.

OAKLAND CITY, Ind., July 21.—A special excursion from Albion, Ills., to Marengo, Ind., was wrecked about four miles east of here yesterday. The wreck was caused by the breaking of the engine trucks. The baggage car was turned over and burst into splinters.

Melvin Stanley was caught beneath the wreck and killed.

George Pitcher had his skull fractured. Milford Dickey, injured in chest. Arch Bassitt, head and chest injured. Sam Hardin, arm broken. Manfred Dycns of English, Ind., legs mangled; will die.

There were in all 10 or 15 slightly injured.

The train consisted of an engine, baggage car and four passenger coaches. The excursionists were all members of the churches or congregations of Albion, Ills., and were on the annual picnic excursion. The engine broke down, jumped the track and rolled down a steep embankment, pulling the coaches with it. The track was blocked all day. It was the worst wreck that ever occurred on the Louisville, Evansville and St. Louis road.

State Officer Resigns.

DENVER, July 21.—General Kabis, who has tendered to Governor O'Brien his resignation as adjutant general of Wyoming, was in the city Friday. He refuses to discuss his action, but it is learned from reliable authority that as he is a warm admirer of President Cleveland and has been appointed deputy collector of internal revenue by Collector New, he does not care to hold office under a governor whose attitude toward the president is antagonistic.

A Lucky Nephew.

SAN FRANCISCO, July 21.—Anthony Kearns, a wealthy cattle dealer, who died recently in Ennisearthy, Ireland, left his entire estate, valued at \$80,000, to his nephew, James Kearns, who came to America 25 years ago, and who was to be identified by the tattoo marks on his arm. Agents of the executors believe that they have found the long-missing heir in the person of James Kearns, a local butcher, who is taking steps to claim his inheritance.

Texas Tragedy.

SAN ANTONIO, Tex., July 21.—A terrible tragedy has been enacted on Cherry creek, 30 miles north of here. Jim Craney went to the house of a man named Layton, where he met John Crain and son. In a quarrel that took place between Craney and Crain and the latter's son, Craney drew a pistol and shot and killed both Crain and son. Craney then escaped and has not been apprehended.

Girl Arrested For Horse Stealing.

SEDALIA, Mo., July 21.—A young woman giving her name as Lizzie Christine, is under arrest here for horse stealing. When arrested she had in her possession a horse and buggy and an extra set of harness, which were stolen from John Rice of Webb City last Friday night. She could not give satisfactory account of how she came in possession of the property, and was arrested.

One Strike Follows Another.

PITTSBURG, Pa., July 21.—The ore handlers at the Carrie furnaces struck for a restoration of wages, and having made threats the company appealed to Sheriff Richards for deputies to guard their works. He responded by sending 20 deputies. The situation is still further complicated by the strike of 50 coke drawers, who manned the 150 ovens operated by the furnace company.

Shot His Wife and Himself.

RACINE, Wis., July 21.—Captain John Crandle yesterday shot his wife twice, once in the back of the head and once in the right shoulder, and then turned the smoking revolver to his right temple and pressed the trigger. He died instantly. His wife may recover. Captain Crandle was one of the best known navigators of the chain of lakes.

Fully Covered by Insurance.

PITTSBURG, July 21.—The Union Manufacturing company, a novelty plant just finished at Swissville, near here, was destroyed by fire at 6 o'clock. Loss, \$20,000. The McKelvy homestead and adjoining stables and out-buildings of K. E. Dickson, were also destroyed. Reithmiller's manufacturing establishment on Water street, this city, was also destroyed by fire. Loss, \$46,000; fully insured. The fire is supposed to have been caused by spontaneous combustion.

Cloudburst Washed Out the Track.

SANTA FE, July 21.—A cloud burst 12 miles north of this city and washed out 300 feet of track on the Narrow Gauge road yesterday, and it is expected regular trains between this city and Denver will not be resumed until Monday next.

THE BOYS WHO A FISHING WENT.

The boys went far, afar to fish. They've gone to angle in the lake, Could you have seen their traps, I'd wish— Things good for out and inner's sake.

CHORUS.

They've gone to way off Michigan, To try their luck for fish ag'in, But soon I fear they'll wish ag'in, To grub from mother's dish ag'in.

With gun and rod and reel and net, Trolling spoon, hook and shyster yit, And jugs for juggling when 'tis wet, They bravely went their luck to try.

These bold boys, by the prophet's beard Vowed on home they would never look, 'Till round the earth their name is heard In song, and read in printed book.

But, come close a secret I'll tell, I got it from them on the fly, They have got that which guards the well, Its—Government license to lie.

REAL CAUSE OF THE TROUBLE.

The Leading Independent Paper of the Country Puts the Blame on the Republican Party.

[From the New York Herald.]

In the timely interview with Mr. Charles A. Dana which the Herald reprinted yesterday from the Paris Martin, the accomplished editor of the Sun held the Democratic party chiefly responsible for the present deplorable condition of affairs in the country. He said: Mr. Cleveland, with whom the Democratic party got into power, has promised to re-establish order, and I am convinced that he will do so. Nevertheless, it may be said that the Democratic party has a measure of responsibility for recent events, for it is in a certain way responsible for the commercial crisis from which we are suffering. America is still very rich, but she is less so for the last few years, and for the following reason: The Democratic party has belied all its promises. It obtained power on a free trade platform, and since then it has done nothing in that direction. On the contrary, a tariff has just been elaborated which is quite as protective as the McKinley bill, and now that commercial industries have adjusted themselves for free trade, they are being given a protective tariff. The result is a general unrest, which is one of the causes of the present troubles.

The Herald cannot agree with this view. It holds the Republican and not the Democratic party answerable for the present troubles. It was the Republicans who made the McKinley tariff, which, by giving artificial temporary protection to American industry by means of a Chinese wall around the country, overstimulated production greatly in excess of the demand, thereby precipitating an industrial and financial crisis and compelling the discharge of workmen and reduction of wages. The only possible result is seen in the present labor crisis, for which the Republican and not the Democratic party is to blame.

Nothing has been so ruinous to this country and nothing so dangerous in time of peace as protection. It has been as blighting to the interests of the workman as the seventeen year locusts to the crops of the farmer. Its very purpose has been to benefit the millionaires rather than the millions. It has protected wealthy wage payers, but not poor wage earners. It has shut out foreign competition with rich manufacturers and encouraged foreign competition with their employees by muzzling the country with foreign cheap labor. Under it the Pullmans, the Carnegies and the Fricks have flourished and the American laborer has suffered. It has given the oyster to the master and the shell to the man.

The natural and inevitable fruits of such a system have been seen everywhere in closed factories, shut down mills, paralyzed industries, reduced wages and idle workmen. They have been seen in dull markets, financial stringency, industrial depression and threatened panic. Worse than all they have been seen in the destitution of American workmen, labor troubles and disastrous strikes.

Of these deplorable consequences, which culminated in the present difficulty, protection is the root and moving cause, and for protection the Republican party is responsible. It is its author, and has always been its champion.

Tried to Commit Suicide.

SYDNEY, N. S. W., July 21.—The two men who, on April 13, murdered Mr. Mackey, the manager of the Commercial Bank of Barraha, in the Darling district, because he refused to open the bank's safe and permit them to steal the contents, were executed yesterday at Tamworth. Cummings, one of the murderers, tried to commit suicide last night by opening a vein in his wrist.

Fields on Fire.

COLUMBUS, Ind., July 21.—At Peter's switch, south of Jonesville on the Pennsylvania line, a disastrous field fire is raging. Pennsylvania sectionmen and others from this city were ordered to the scene to prevent further destruction of property.

Whisky Barrel Explodes.

LIMA, O., July 21.—A mysterious accident happened in Nick Nicholas' saloon when a barrel of whisky exploded, demolishing part of the building and setting fire to it. Nicholas and his family were rescued from the second story.

Died on the Gallows.

FAYETTEVILLE, W. Va., July 21.—Wash Adkins was executed yesterday for the murder of I. A. Radford at Deepwater, Nov. 1, 1893. The drop fell at 1:43. His neck was broken. Five thousand people witnessed the execution.

Slowly Bleeding to Death.

SPRINGFIELD, O., July 21.—Mrs. John W. Osborn is slowly bleeding to death. She went to a dentist and had two teeth pulled. This started the bleeding, which has continued despite all efforts to stop it.
